

Outdoor Security Camera Floodlight

- Capture high-quality 1080p video with the 140° ultra-wide angle HD camera
- Automatically activates night vision mode
- Weatherproof, 850 lumen LED bright white light
- Control live monitoring, 2-way intercom, video sharing, and light with free app
- Cloud service subscription required for: intelligent object detection (person/animal/car), motion detection, notifications, and video storage

See More Outside Your Home or Business

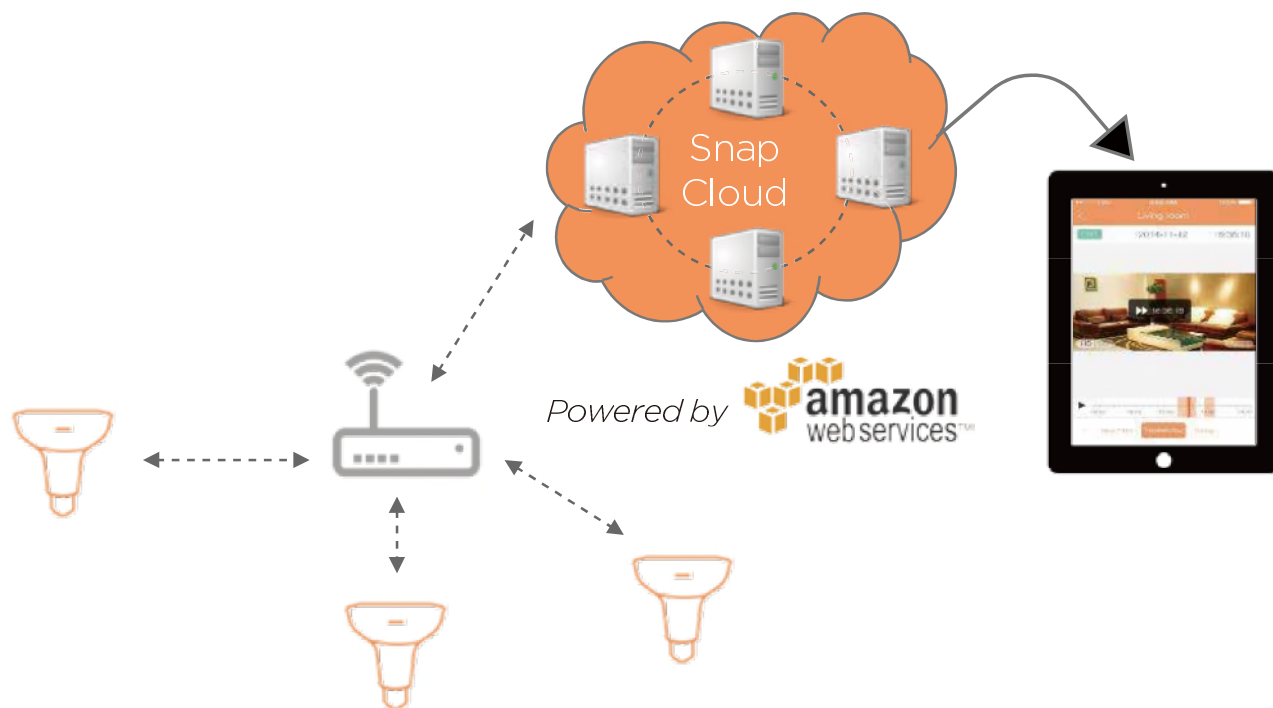

Safeguard your home or office — even when you’re away — with confidence and peace of mind. Snap is the first-ever discrete HD security camera integrated into a long-lasting LED floodlight. Choose Snap to light and monitor entryways, garages and other outside areas with an ultra-wide HD camera and a no-wires installation that is as easy as changing any bulb. With the free Snap app, you can customize motion zones, receive alerts when movement is detected, and access high-quality video footage 24/7.

Technical Data

Model number	AS01-PAR38NAE26W
Resolution	1080P(1920*1080)(Max)
Image Sensor	1/2.7"progressive scan CMOS
Field of view	140°ultra wide angle
Compression	H.264
Bulb Type	PAR-38
Base	E26
Brightness	850 lumens
Color temperature	3000 kelvin
Power supply	100-120V AC 50/60Hz
Power consumption	14W(MAX)
Operating temperature	-4°F (-20°C) to +104°F(+40°C)
Wireless standard	802.11a/b/g/n 2.4GHz&5GHz(WEP/WPA/WPA2 supported)
Dimensions	5.7 in. (height) x 4.8 in. (diameter)
Weight	20.3 oz.
Available colors	White
Certifications	UL/CUL/FCC/IC

How it works

- Connect Snap to your Wi-Fi network (2.4 or 5GHz required)
- Download the free Snap app to create your account, then add each Snap bulb on your property
- App allows live monitoring, 2-way intercom communication, and light control
- Activate your 30-day free trial for motion detection, notification, and 24/7 continuous recording (subscription required for long-term use)
